## CalWORKs Grant Status

The CDSS executive summary of the 2020-2021 May Revised budget states: “The CalWORKs budget includes a couple of notable grant increases. The MAP increase that went into effect October 1, 2019, was benchmarked at bringing an Assistance Unit (AU) of one (regardless of region or exempt status) at or above 50 percent of the 2019 federal poverty level and increasing all other AU sizes by an average of 10.8 percent.

“The 2020-2021 Governor’s Budget projects sufficient Child Poverty and Family Supplemental Support Subaccount funds for a 3.09 percent MAP increase, effective October 1, 2020, for all AUs. This increase results in MAP levels of \$567 per month for an AU of one and \$905 per month for family of three without income. With this MAP increase, AU sizes of one will be at 54 percent and all other AU sizes will be at 51 percent of the 2019 federal poverty guidelines.”

### THANK YOU GOVERNOR NEWSOM!

During the 2020-2021 May Revised Budget press conference, the Governor said, “...we want folks to know that we’re not going to touch the grant enhancements for CalWORKs.” We want to publicly thank the Governor for not attacking CalWORKs like many previous governors have done in the past.

This sounds good, but it is simply not true. In fact, the 3.09% COLA coming October 1, 2020 will indeed increase the maximum aid payment to 50% of the federal poverty level for Region 1 and for a family of one in Region 2, but only for 37% of the families. **See counties of Region 1 and 2 below.** A majority of the CalWORKs children, 63%, will receive a CalWORKs grant which is below 50% of the federal poverty level in California after October 1, 2020. **See Table #1** for more caseload details.

**Table # 2’s** first part (37%) shows how much a CalWORKs family will get being aided for all family members. The 63% part of the table show that three persons family will get a payment for a two person family because they are in the 63% group for being CalWORKs sanctioned, CalWORKs penalized, CalWORKs timed out, etc.

The fact is that most CalWORKs families will be enduring deep poverty, notwithstanding the incorrect insistence of some that CalWORKs families with children are no longer enduring deep poverty. They are. We must work hard to make sure that no child in California is enduring deep poverty. We have a long way to go.

Table #1	37% of the CalWORKs Caseload					63% of the CalWORKs Caseload				
	Total Caseload for Feb. 2020-CW 237	Two Parent	Single Parent	Families Receiving Aid for All Family Members	%	Parent not Aided Cases	TANF Timed-Out	Sanctions/ Alleged Fleeing Felons	Receiving Aid for 1 or more less family members	%
	363,982	24,734	111,458	136,192	37%	112,352	23,149	92,289	227,790	63%
