And Others Whom It May Concern

Dear Executive Directors and Others:

The California Department of Social Services (CDSS) has a long history of collaboration with its program advocates, stakeholders, and the people we serve. Millions of Californians every year are touched by the programs we oversee or operate, which include, but are not limited to, the programs listed on the attachment to this letter. Out of the imperative to make fully informed decisions, the CDSS has created an inclusive culture of regularly soliciting input from numerous perspectives, both formally and informally. For this purpose, the CDSS hosts various meetings as needed, convenes periodic stakeholder meetings, engages in informal reviews of all-county letters and similar instructions or communications, and formally promulgates regulations under California's Administrative Procedures Act or other applicable state law.

Since at least 1998, California's Legal Services Corporation (LSC)-funded programs always have been, and continue to be, invited to participate in these CDSS-organized engagements. The LSC-funded programs are a valued partner in the appropriate and responsible delivery of services to beneficiaries of the programs and services overseen or operated by the CDSS. The Department appreciates and continues to invite their participation in these various efforts as they occur, and similarly continues to invite their input outside of these efforts as well, when LSC-funded programs deem it appropriate.
