- of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
3. Notwithstanding any other law, upon approval of the Director of Finance, expenditure authority may be transferred between this item and Item 9800-001-0988 as necessary to fund costs for approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.

Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision does not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.
 5. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subdivision (a), (b), or (c) of this provision.
 - (a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine, if all of the following apply:
 - (1) The agreement results in total net costs of less than \$1,000,000 (all funds) during the 2020–21 fiscal year.

- (2) Any cost resulting from the agreement can be absorbed within the 2020–21 fiscal year appropriation authority of impacted departments.
 - (3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.
 - (b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson’s designee, may in each instance determine, if, during the legislative consideration of the 2020–21 Governor’s Budget, the Department of Finance identified to the Legislature both of the following:
 - (1) The administration anticipated that the addendum would be signed during the 2020–21 fiscal year.
 - (2) Any costs resulting from the addendum are included in the 2020–21 Governor’s Budget or another piece of legislation.
 - (c) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds requires legislative action before implementation if any of the following apply:

(3) \$1,289,065,000 to counties, to be used toward homelessness, public health, public safety, and other services to combat the COVID-19 pandemic. These funds shall be allocated based on the share of each county's population relative to the total population of the state, taking into account prior direct allocation of funding from the federal CARES Act (P.L. 116-136).

(e) If funds described in subdivision (a) are not spent by September 1, 2020, the Director of Finance may reallocate those funds to any item of appropriation for other allowable activities. Changes to these allocations may be authorized not sooner than 10 days after notification in writing to the Joint Legislative Budget Committee of the changes to the planned expenditures. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten the 10-day period by written notification to the director.

(f) Funding to local governments pursuant to this section is contingent on the local jurisdiction's adherence to federal guidance and the state's stay-at-home requirements and other health requirements as directed in gubernatorial Executive Order N-33-20, subsequent executive orders or statutes, and all State Department of Public Health orders, directives, and guidance issued in response to the COVID-19 public health emergency. Local governments shall certify compliance to the Department of Finance.

The State Controller shall allocate funding to a local government upon the order of the Director of Finance.

(g) The Director of Finance may authorize the augmentation of the funds available in subdivision (a) for expenditure for any program, project, or function in the schedule of any item of appropriation in this act or any additional program, project, or function equal to the amount of funds the Director of Finance estimates will be received from the federal government between March 1, 2020, and December 30, 2020, provided that the augmentation meets all of the following requirements:

(1) The funds will be expended to address an urgent need in support of the state's response to the COVID-19 public health emergency.

(2) The funds will be expended for a purpose that is consistent with this section and state law.

(3) The funds are made available to the state under conditions permitting the use of the funds only for COVID-19-related response, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(4) Acceptance of the funds does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(5) The need exists to expend the additional funding before December 30, 2020.

(h) The Director of Finance may reduce any program, project or function in the schedule of any item of appropriation in this act whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(i) Funds appropriated pursuant to this section shall not be expended prior to 10 days after the Director of Finance notifies the Joint Legislative Budget Committee in writing of the purposes of the planned expenditure and the justification for the amount proposed for expenditure. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 10 day period by written notification to the Director of Finance.

SEC. 104. Section 11.95 is added to the Budget Act of 2020, to read:

SEC. 11.95. (a) Federal legislation enacted between March 6, 2020, and April 24, 2020, is providing funding to the state to support testing and contact tracing in response to the COVID-19 public health emergency. The Department of Finance may allocate these funds to support testing and contact tracing as directed by the State Department of Public Health, provided that funds are not used by any state or local entity for applications that collect information related to an individual's location and movement. This subdivision does not preclude a contact tracer from using a program to store, organize, or analyze any data otherwise affirmatively provided to the contact tracer by an individual. All testing and contact tracing must be conducted in compliance with applicable federal and state privacy laws.

(b) Funds described in subdivision (a) may be allocated to offset or reduce appropriations in the 2019–20 and 2020–21 fiscal years that support the COVID-19 response between March 1, 2020 and June 30, 2021. If no item

for a department currently exists to allow for adjustments for the additional federal funds allocation or additional reimbursements to be allocated, then an item may be created for this purpose.

(c) The Department of Finance may adjust any item in Section 2.00 to account for additional federal funding or any additional reimbursements to support testing and contact tracing. If no item for a department currently exists in Section 2.00 of this Act to allow for adjustments for the additional federal funds allocation or additional reimbursements to be allocated, then an item may be created for this purpose.

(d) Changes to any item in Section 2.00 may be authorized not sooner than 10 days after written notification to the Joint Legislative Budget Committee of the changes to the planned expenditures to support testing and contact tracing. The chairperson of the Joint Legislative Budget Committee or the chairperson's designee may shorten the 10 days by written notification.

SEC. 105. Section 12.32 of the Budget Act of 2020 is amended to read:

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or the chairperson's designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2020–21 fiscal year are \$45,065,821,000, or 38 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$39,900,480,000, or 33.6 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated to school districts and community college districts for adult education and K–12 Career Technical Education Strong Workforce Program are \$707,064,000 or 0.6 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are 4,352,586,000, or 3.7 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education,

as defined in Section 41302.5 of the Education Code, are \$105,691,000 or 0.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by, and disbursements from, the Education Protection Account.

SEC. 106. Section 12.45 of the Budget Act of 2020 is repealed.

SEC. 107. Section 31.00 of the Budget Act of 2020 is amended to read:

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to or from a monthly maximum salary of \$11,258 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Information Technology Manager II classification as of July 1, 2020) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation. Additionally, authorization by the Department of Finance is required for (1) the reclassification of any non-Career Executive Assignment classification to a Career Executive Assignment classification or (2) the administrative establishment of any Career Executive Assignment classification.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2020–21 fiscal year shall terminate on June 30, 2021, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2021–22 fiscal year as new positions or (2) approved by the Department of Finance after the 2021–22 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2021. The positions identified in (2) above may be reestablished by the Department of Finance during the 2021–22 fiscal year, provided that these positions are shown in the Governor's Budget for the 2022–23 fiscal year as submitted

to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2021–22 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2021–22 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2020–21 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2021–22 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or the chairperson's designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2021–22 fiscal year, and subsequently decides to administratively establish the positions in the 2020–21 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

(h) This section applies to all state agencies, departments, boards, bureaus, and commissions.
