[Approved by Governor June 29, 2026. Filed with Secretary of State June 29, 2026.]

LEGISLATIVE COUNSEL'S DIGEST

AB 109, Gabriel. Budget Act of 2026.

This bill would make appropriations for the support of state government for the 2026–27 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 2026."

SEC. 1.50. (a) In accordance with Sections 12460, 13338, and 13344 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor's Budget, the records of the Controller in legacy systems, and the Financial Information System for California (FI$Cal), and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state's fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., 001–100 represents state operations in the Budget Act))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each Business Unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act or in other spending authority outside of this act and those used in the Governor's Budget, in the records of the Controller in legacy systems, and in FI$Cal.

(d) Notwithstanding any other law, the Department of Finance may revise the schedule of any appropriation made in this act or in other spending authority outside of this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in FI$Cal or the Controller's legacy systems resulting from or related to the conversion or implementation of FI$Cal for the current or past fiscal years, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FI$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FI$Cal different from what is reflected in prior budget acts and other authorizing sources. A comprehensive crosswalk facilitates the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the Controller and departments, and with that of FI$Cal. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until all departments and the Controller's control functions are fully implemented in FI$Cal.

SEC. 1.51. For purposes of this act, a citation to a budget act includes all acts amending that budget act.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated and available for encumbrance or expenditure for the use and support of the State of California for the 2026–27 fiscal year beginning July 1, 2026, and ending June 30, 2027. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury and

shall be available for liquidation of encumbrances in accordance with Section 16304.1 of the Government Code.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and performance criteria appropriations are available for encumbrance or expenditure until June 30, 2027.

(2) All other capital outlay appropriations are available for encumbrance or expenditure until June 30, 2029.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

The semiannual estimates of Medi-Cal expenditures provided to the Legislature in January and May may constitute the notification required by this provision.

Item Amount

7. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the California Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services and county and other local assistance administration.
8. The Department of Finance may transfer funds representing all or any portion of any estimated savings that are a result of improvements in the Medi-Cal claims processing procedures from the Medi-Cal services budget or the support budget of the State Department of Health Care Services (Item 4260-001-0001) to the fiscal intermediary budget item for purposes of making improvements to the Medi-Cal claims system.

If a federal grant that provides 75 percent federal financial participation to allow individuals in nursing homes to voluntarily move into a community setting and still receive the same amount of funding for services is awarded to the State Department of Health Care Services during the current fiscal year, then, notwithstanding any other law, the department may count expenditures from the appropriation made to this item as state matching funds for that grant.
11. Notwithstanding any other law, the Department of Finance may authorize an increase to this appropriation to address costs resulting from adverse court rulings. The Department of Finance shall provide a 30-day notice of any proposed increase to the Legislature. The notification shall include the specifics of any cases with adverse rulings and the overall fiscal impact. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the notification requirement of this provision if the required information is included in the estimate.
12. To the extent practicable and consistent with existing procedures, the State Department of Health Care Services, in its sole discretion, shall seek favorable terms from the federal government regarding the repayment of federal funds for state-only populations in order to minimize the annual impact on the General Fund in any individual fiscal year.
13. Within 30 days of making any adjustment pursuant to this provision, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee. of this provision if the required information is included in the estimate.

14. (a) The State Department of Health Care Services may enter into exclusive or nonexclusive contracts on a bid, non-bid, or negotiated basis with a drug rebate aggregator or another entity that provides rebate aggregation services to consolidate and manage drug rebate negotiation, invoicing, collection, dispute resolution, and other related activities with manufacturers, distributors, dispensers, or suppliers of single-source and multiple source drugs, appliances, durable medical equipment, medical supplies, and other product type health care services. Contracts entered into or amended pursuant to this section shall be exempt from Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, the State Contracting Manual and the State Administrative Manual and shall be exempt from the review or approval of any division of the Department of General Services.

    (b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Health Care Services may implement, interpret, or make specific this section, in whole or in part, by means of plan or county letters, information notices, plan or provider bulletins, or other similar instructions without taking any further regulatory action.

No later than June 30, 2034, an allocation from the General Fund shall be made to recognize for

budgetary financial reporting the cost of the loans made to the Medical Providers Interim Payment Fund in the 2024–25 and 2025–26 fiscal years. The Director of Finance may order the repayment of all or a portion of the loans sooner if the Department of Finance, in consultation with the State Department of Health Care Services, determines that the funds appropriated in this item exceed the required costs for programs funded within the item.

16. The Legislature further finds that, for purposes of Proposition 35, increases in Medi-Cal base managed care capitation rates reflect an expansion of healthcare benefits, healthcare services, health-care workforce, and payment rates above and beyond those already in effect or in existence as of January 1, 2024, and are in addition to existing reimbursement rates and any other payments made by the department as of January 1, 2024, and do not supplant amounts that would otherwise be payable by a Medi-Cal managed care plan or the department, as applicable, to a recipient of moneys provided by Article 4 (commencing with Section 14199.109) of Chapter 7.5 of Part 3 of Division 9 of the Welfare and Institutions Code.
17. Of the funds appropriated in Schedule (3), $2,000,000 is available for the H.R. 1 Navigators for Clinics Program.
    (a) These funds will be made available as a reimbursement to the General Fund, subject to the deposit of nonstate money made to the State Department of Health Care Services and made with the intent for the exclusive use of the H.R. 1 Navigators for Clinics Program.
    (b) The State Department of Health Care Services shall seek any necessary federal approvals for purposes of obtaining federal

funding for activities conducted under this item.

(c) Notwithstanding any other law, these funds shall be allocated for Medi-Cal outreach and enrollment activities.

(d) For purposes of implementing this provision, the State Department of Health Care Services may enter into exclusive or nonexclusive contracts, or amend existing contracts, on a bid or negotiated basis. Notwithstanding any other law, contracts entered into or amended pursuant to this subdivision shall be exempt from Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Section 19130 of the Government Code, and Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, and the State Administrative Manual, and shall be exempt from the review or approval of any division of the Department of General Services.

(e) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Health Care Services may implement, interpret, or make specific this provision, in whole or in part, by means of all-county letters, plan letters, information notices, provider bulletins, or other similar instructions, without taking any further regulatory action.

(f) Notwithstanding any other law, the Department of Finance may authorize an increase to this appropriation for reimbursements received for providing health navigation to Community Health Centers and Regional Clinic Associations to maintain enrollment or retain coverage for Medi-Cal eligible individuals. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the notification requirement of this provision if the required information is included in the estimate.

The Integrated Substance Use Disorder Treatment Program is not included in the category of rehabilitative or reentry programming for the purposes of this provision.

8. The Department of Corrections and Rehabilitation shall provide copies of its regular status updates on implementing the Office of the Inspector General's Natural Disaster Emergency Preparedness and Mitigation Efforts audits to the budget and policy committees of each house, the Joint Legislative Budget Committee, and the Legislative Analyst's Office at the same intervals the updates are provided to the Office of the Inspector General.

The report shall also discuss what the effects on service levels or broader outcomes would be, if any, under each of the options considered.

11. SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2026, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include minor projects, studies, specifications, design, construction, and equipment necessary in connection with a construction, repair, or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each program or project included in the schedule shall be limited to the amount specified for that program or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules, “program” or “project” means a class of expenditure.

(a) “Programs” include all expenditures required to carry out the objectives of the named activity.

(b) “Projects” include expenditures to carry out a particular phase, or multiple phases, of work attributed to a project. For capital outlay projects, phases are budgeted as subschedules under the “project” schedule within an item of appropriation.

As used in this act in reference to the subschedules, the following means a class of expenditure such as, but not limited to:

(2) "Acquisition" is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(3) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(4) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(5) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(6) "Performance criteria" are defined as the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site; the required form, fit, function, operational requirements, and quality of design, materials, equipment, and workmanship; and any other information deemed necessary to sufficiently describe the state's needs. Performance criteria may include concept drawings, which include any schematic drawings or architectural renderings that are prepared in such detail as is necessary to sufficiently describe the state's needs.

(7) "Design-build" phase means the period following the award of a contract to a design-build entity in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(8) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2026–27" submitted by the Governor to the Legislature at the 2026 portion of the 2025–26 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made under this act.

SEC. 3.10. (a) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize subschedule

transfers, as defined in Section 3.00, within individual capital outlay items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the projects funded by this act.

SEC. 8.75. (a) In order to maximize the state's receipt of federal funds, it is the intent of the Legislature in enacting this section to provide flexibility and streamline the administrative approval process for providing funds, including funds from the General Fund, to meet state matching requirements and take full advantage of funding opportunities made available under the Infrastructure Investment and Jobs Act (P.L. 117-58), the Inflation Reduction Act (P.L. 117-169), and the CHIPS Act of 2022 (P.L. 117-167), and set a deadline of September 30, 2028, for expenditure of the funds. It is also the intent of the Legislature in enacting this section to more generally provide flexibility for budgetary adjustments to appropriations for applicable purposes, to expend unanticipated federal funds received by the state that are available for such purposes, and offer the use of state funds consistent with the purposes for which the unanticipated federal funds were made available, if applicable.

(b) In the event that unanticipated formula or competitive fund opportunities are made available for a state department under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, the Director of Finance may provide the department a letter of commitment, if one is needed, for funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source and provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match, to indicate the state's commitment to meet the state match requirements mandated for the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022.

(c) In the event that unanticipated formula or competitive fund opportunities under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 are awarded to a state department, the Department of Finance may adjust any item in Section 2.00 or create a new item to provide funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source, to meet state match requirements mandated for the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match.

(d) The Department of Finance may allocate unanticipated federal funds to effect or reduce, in whole or in part, any item of appropriation for purposes, including appropriations from state funds and from existing federal funding sources. Allocations shall be consistent with the purposes for which the unanticipated federal funds were made available. Reductions to appropriations made pursuant to this subdivision shall equal the amount of federal funds to be allocated. Any savings pursuant to this section shall revert to the fund from which the appropriation was made.

(e) The Department of Finance may create a new budget item to accommodate unanticipated federal funds from the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 intended for applicable purposes consistent with the purposes for which the unanticipated federal funds were made available, should an applicable item of appropriation not exist in the State Budget.

(f) Any adjustment pursuant to this section shall not be made prior to 30 days after the Director of Finance notifies the Chairperson of the Joint Legislative Budget Committee in writing of the purposes of the planned adjustment, and justification for the adjustment amount. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is

authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by $5,000,000 or 20 percent of the budgeted cost of the project, whichever is less. Each report shall include all of the following: (a) the total change in cost, scope, and schedule; (b) the reason for the change or changes; (c) a description of new, amended, or new and amended contracts required as a result of the change or changes; (d) a list of the risks and issues identified in the last two Independent Verification and Validation and Independent Project Oversight Reports and any risk and issue that has been identified since those reports; and (e) the department's planned mitigation of these risks and issues. The report shall be made no less than 30 calendar days prior to any commitment to a new contract or contract amendment that is a result of the change or changes identified above, or a lesser period if requested by the department and approved by the Chairperson of the Joint Legislative Budget Committee or the chairperson's designee.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost-allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.

(2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.

(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, "statewide software license agreement" means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than $1,000,000 in the aggregate.

SEC. 11.11. To protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 11.94. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative adjustments, to fully spend the $540,249,909 in federal funds appropriated in Item 8660-001-0890 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) allocated from the Coronavirus Capital Projects Fund as authorized by the federal American Rescue Plan Act of 2021 (P.L. 117-2), that support last mile broadband infrastructure projects to address the state's significant digital divide or are otherwise eligible expenditures pursuant to federal law or guidance.

(b) Except as provided in this section, allocations of these funds shall be made in the annual Budget Act or another statute. Section 28.00 does not apply to the funds described in this section.

(c) Notwithstanding any other provision of this act or any other law, any appropriation in Item 8660-001-0890 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) shall be available for expenditure through December 31, 2026, unless a later deadline is authorized by the federal government.

(d) The Director of Finance may reduce an amount appropriated from the General Fund to the Department of Technology to expand broadband infrastructure, appropriated in Item 7502-001-0001 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021), as amended by Section 11.96 of the Budget Act of 2022 (Chs. 43, 45, and 249, Stats. 2022) and Section 11.96 of the Budget Act of 2024 (Chs. 22, 35, and 994, Stats. 2024), and instead allocate that amount from Item 8660-001-0890 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021). If no item currently exists to allow for such an allocation, an item may be created for this purpose. The Controller shall shift any accounting transactions posted from the General Fund to Item 8660-001-0890 of

Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) as directed by the Director of Finance. The funds allocated pursuant to this subdivision shall be available for expenditure through December 31, 2026. The Director of Finance shall increase a Public Utilities Commission item for last-mile broadband infrastructure by an amount equal to the reduction under this section of Item 7502-001-0001 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021), with such funds being used exclusively for the purpose of last-mile broadband infrastructure. If no item currently exists to allow for such an allocation, an item may be created for this purpose.

(e) The Director of Finance may reduce an amount appropriated from Item 8660-001-0890 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) to the Public Utilities Commission for last mile broadband infrastructure and instead allocate that amount from the General Fund. If no item currently exists to allow for such an allocation, an item may be created for this purpose. The Controller shall shift any accounting transactions posted from Item 8660-001-0890 of Section 2.00 of the Budget Act of 2021 (Chs. 21, 69, and 240, Stats. 2021) to the General Fund as directed by the Director of Finance. The funds allocated pursuant to this subdivision shall be available for expenditure through December 31, 2030.

(f) Adjustments authorized pursuant to this section shall not be made prior to 30 days after the Director of Finance notifies the Joint Legislative Budget Committee in writing of the purposes of the planned expenditure and the justification for the amount proposed for expenditure. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 11.96. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative adjustments, to fully spend the $27,017,016,860 in federal funds allocated from the Coronavirus State Fiscal Recovery Fund as authorized by the federal American Rescue Plan Act of 2021 (P.L. 117-2), that support the state's response to the COVID-19 public health emergency, address the negative economic impacts caused by COVID-19, support eligible infrastructure, or are otherwise eligible expenditures pursuant to federal law or guidance. These funds shall be deposited in the Coronavirus Fiscal Recovery Fund of 2021 and may earn interest.

(b) Except as provided in this section, allocations of these funds shall be made in the annual Budget Act or another statute. Section 28.00 does not apply to the funds described in this section.

(c) Beginning July 1, 2026, the Director of Finance may adjust any item of appropriation to reallocate funds, to ensure funds are either returned to the federal government pursuant to federal guidance and regulations or expended or encumbered by the federal deadline for other allowable activities, including, but not limited to, direct disaster response costs based upon actual expenditures, as determined by the Department of Fi-

nance, pursuant to this section, subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h). If no item for a department currently exists to allow for the expenditure of funds, an item may be created for this purpose. The Controller shall shift any accounting transactions posted as directed by the Director of Finance.

(d) Until all funds are expended or encumbered, the Director of Finance shall annually report in writing by March 1 the amount of unexpended or unencumbered funds by program to the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

(e) All obligations from the Coronavirus Fiscal Recovery Fund of 2021 shall be liquidated by the end of the period of performance of December 31, 2026, unless the Director of Finance determines this deadline should be adjusted pursuant to any changes authorized by the federal government, including regulations or federal guidance.

(f) The Director of Finance is authorized to initiate the reversion of unspent funds from an appropriation for a specific programmatic purpose from the Coronavirus Fiscal Recovery Fund of 2021. Any unspent funds made available pursuant to this subdivision shall be allocated to direct disaster response costs based upon actual expenditures or returned to the federal government, as determined by the Department of Finance, pursuant to this section, subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h).

(g) (1) Notwithstanding any other provision of law, the Director of Finance may authorize the transfer of interest earned from the Coronavirus Fiscal Recovery Fund of 2021 to the General Fund to be allocated for the following purposes:

(A) To support administrative and operational costs incurred for the programmatic purposes appropriated from the Coronavirus Fiscal Recovery Fund of 2021 until December 31, 2026.

(B) To conduct an audit or address audit findings to mitigate and ensure full compliance and use of the funds described in subdivision (a) for the intended purposes, consistent with federal requirements for any program, project, or function in the schedule of any item of appropriation in this act.

(C) Any remaining interest, after the allocations pursuant to paragraphs (A) and (B), shall be allocated as determined by the Department of Finance.

(2) If no item for a department currently exists to allow for a General Fund allocation, pursuant to paragraph (1), an item may be created for this purpose. The funds allocated pursuant to this subdivision shall be available for encumbrance or expenditure until December 31, 2026.

(3) Any actions taken by the Director of Finance pursuant to this subdivision is subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h).

(h) Adjustments, including reversions, authorized pursuant to this section shall not be expended or reverted prior to 30 days after the Director

of Finance notifies the Joint Legislative Budget Committee in writing of the purposes of the planned expenditure or reversion and the justification for the amount proposed for expenditure or reversion. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 11.97. It is the intent of the Legislature that federal fund appropriations for capital outlay projects that may be excluded from the state appropriations limit, as provided in Article XIII B of the California Constitution, be funded with General Fund resources to the maximum extent possible in the 2026–27 fiscal year. The Department of Finance shall determine if any appropriation of federal funds meets the definition of qualified capital outlay projects pursuant to Section 7914 of the Government Code. If the Department of Finance determines that a capital outlay federal fund appropriation qualifies, except for federal funds specifically allocated for capital outlay projects, the Director of Finance may replace the identified appropriation with eligible noncapital outlay expenditures appropriated from the General Fund, but only to the extent necessary to remain below the state appropriations limit for the 2026–27 fiscal year.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of $182,027,000,000 for the 2026–27 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the "appropriations limit" for the 2026–27 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2026–27 Final Change Book for the 2026–27 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or the chairperson's designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98

for the 2026–27 fiscal year are $92,834,380,000 or 39.61 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are $82,763,159,000 or 35.32 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated to school districts and community college districts for adult education and K–12 Career Technical Education Strong Workforce Program are $866,536,000, or 0.37 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are $9,104,647,000 or 3.88 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are $100,038,000, or 0.04 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. No General Fund and Education Protection Account revenues are scheduled to be transferred to the Public School System Stabilization Account for the 2026–27 fiscal year.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by, and disbursements from, the Education Protection Account.

SEC. 12.35. Notwithstanding any other law, the Student Aid Commission shall not implement any change in policy or practice that would have a fiscal effect exceeding $5,000,000 in any year to the costs of the programs funded in Item 6980-101-0001 unless the change is first approved by the Director of Finance and notice is provided by the Director of Finance to the chairpersons of the fiscal committees of each house of the Legislature not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity for the change in policy or practice and (b) identify the fiscal effect of the change in the current fiscal year and subsequent fiscal years. It is the intent of the Legislature not to affect the entitlements of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appro-

priation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other law, the unencumbered balances as of June 30, 2027, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2028, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00, or are in excess of the amount so taken into consideration, are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 13.40. The Director of Finance shall collectively transfer from various special funds or any other state borrowable funds to the General Fund any amount necessary to ensure that the balance of the Special Fund for Economic Uncertainties is at least $0 at the conclusion of the 2026–27 fiscal year. The specific funds to borrow from will only be from idle resources not required for currently projected operational or programmatic purposes. These transfers shall be budgetary loans during the 2026–27 fiscal year and shall be repaid in the 2026–27 fiscal year or a future fiscal year when the fund or account from which the loan was made has a need for the money or there is no longer a need for the money in the General Fund.

SEC. 14.00. (a) Notwithstanding any other law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 24 months after the date of the loan. Interest on the loan shall be paid from

the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2026–27 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other law, the Department of Consumer Affairs, during the 2026–27 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2026–27 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the "clearing account" in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by April 1, 2027, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds $200,000 or (2) the aggregate amount of loans from any one fund exceeds $200,000.

SEC. 15.02. $2,631,000,000 is appropriated from the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024. No amount of the funding appropriated in this section shall be encumbered or expended until it has been allocated for specific purposes in the appropriate budget items in a future budget bill.

SEC. 15.04. (a) The Department of Finance may transfer any portion of any Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 (Proposition 4) appropriation from the state entity receiving the appropriation to another state entity, for the following purposes:

(i) To collaboratively fund projects at a landscape or multijurisdictional scale to provide multiple benefits consistent with Section 90620 of the Public Resources Code. A single state entity may be designated as the primary state entity for the purposes of receiving transferred Proposition 4 funds and administering a landscape or multijurisdictional scale project that meets the purpose or purposes specified in Proposition 4.

(ii) To avoid delays related to cashflow constraints resulting from reimbursements in arrears when a state entity awards or assigns funding pursuant to Proposition 4 to another state entity by instead providing the funding directly to the state entity receiving the award or assignment.

(b) To receive consideration for approval of a transfer pursuant to paragraph (i) of subdivision (a) of this section, the primary state entity must notify the Department of Finance within 30 days of finalizing an agreement with each participating state entity. The notification shall include: the project name and description, total estimated cost of the project, the amount of funding to be contributed by the participating entity, the amount or amounts and the Proposition 4 section or sections authorizing the subject funding for each needed transfer, and the amounts by funding source of all other approved or pending state entity contributions to the project.

(c) The Department of Finance may create new items as necessary to facilitate the transfer and expenditure of funds as authorized pursuant to this section.

(d) Upon processing of any transfer authorized pursuant to this section, the state entity receiving the transfer shall notify the California Natural Resources Agency to assist with tracking of transferred funds. The notification shall include the project name, the amount of funding transferred, and a list of the item or items of appropriation impacted, including dollar amounts by item, and the associated Proposition 4 sections authorizing the funding.

SEC. 15.14. (a) Any appropriation from the Greenhouse Gas Reduction Fund shall be subject to the restrictions specified in subdivision (b).

(b) A state agency or department shall not encumber or otherwise commit any funds appropriated from the Greenhouse Gas Reduction Fund for the 2026–27 fiscal year until a determination is made by the Department of Finance that Cap-and-Invest auction proceeds in the 2026–27 fiscal year are sufficient to fully fund amounts specified in subdivisions

(a) and (b) and paragraph (1) of subdivision (c) of Section 39719.4 of the Health and Safety Code.

(c) If there are not sufficient funds to fully fund appropriations pursuant to subdivision (b), the Department of Finance shall proportionally reduce appropriations based on the amount of funding available from auction proceeds after subdivisions (a) and (b) and paragraph (1) of subdivision (c) of Section 39719.4 of the Health and Safety Code are fully funded.

(d) Upon determination of the final amount of auction proceeds after the fourth Cap-and-Invest auction in the 2026–27 fiscal year, the Department of Finance shall make a final determination for the expenditure of any remaining available auction proceeds pursuant to subdivision (d) of Section 39719.4 of the Health and Safety Code, and shall notify the Joint Legislative Budget Committee no later than 30 days after its final determination if there are decreased auction proceeds that require a modification to the expenditure of funds.

(e) The Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) does not apply to guidelines or other standards adopted and used by a state agency in administering an allocation of moneys from the Greenhouse Gas Reduction Fund.

SEC. 15.25. (a) Notwithstanding any other law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for technology services in the 2025 or 2026 calendar year.

(b) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. The Controller shall offset General Fund payments to the Trial Court Trust Fund in Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 2578 of the Education Code. These offsets shall be recorded as a reduction of total expenditures and shall not be a reduction to any department or program budget item.

SEC. 20.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of reappropriations and reversions within individual items of appropriation in those instances where the actions are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act or any prior appropriation. No adjustment shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function. This process shall not be used for the Department of Corrections and Rehabilitation.

(b) The Director of Finance may extend the date of availability for encumbrance or expenditure, of any appropriation or reappropriation, or a portion thereof, from the funds specified in subdivision (f), to no later

than three years following the last day the appropriation is currently available for encumbrance if the Director of Finance determines that the department, office, or other state entity requires additional time to complete the original purpose of the appropriation.

(c) The Director of Finance may extend the period that an encumbrance of an appropriation from the funds specified in subdivision (f), or a portion thereof, is available for liquidation to no later than three years following the last day the appropriation is currently available for liquidation.

(d) If the Director of Finance determines that it is necessary to revert all, or a portion, of a support or local assistance appropriation from the funds identified in subdivision (f), that portion shall, upon order of the Director of Finance, revert to and become a part of the fund from which the appropriation was made.

(e) (1) Any reappropriation, extension, or reversion pursuant to subdivision (b), (c), or (d) may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. No more than two such notifications shall be submitted per fiscal year, and shall be submitted on or before February 1 and May 1 and include the information in paragraph (2).

(2) The notification shall include a report listing reappropriations, reversions, and extensions of liquidations. For each reappropriation, reversion, and extension, the report shall include all information that identifies each impacted department, if applicable, the appropriation type, the associated item of appropriation and enactment year, bond subsection, if applicable, new encumbrance and liquidation dates, if applicable, and a brief description of the rationale for each change.

If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the

department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.40. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) Twenty percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.

(2) $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.

(3) Ten percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2026–27 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2027–28 fiscal year should be included in the administration's 2027–28 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that the director estimates will be received by the state during the 2026–27 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2026–27 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) $400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of

the joint committee, or the chairperson's designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in the Medi-Cal program, California Work Opportunity and Responsibility to Kids (CalWORKs), and the Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2027.

SEC. 28.30. (a) (1) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of budgetary reductions to appropriations to address unanticipated reductions in the receipt of federal funds. Upon the enactment of federal legislation or an action by a cognizant federal agency to either terminate, rescind, or otherwise reduce the state's receipt of federal funds already committed to the state by the cognizant federal agency, the Director of Finance is authorized to reduce, through executive order or budget revision, any item of appropriation, including appropriations from any state fund, for any program, project, or function to align with any reduction in the state's receipt of federal funds.

(2) Notwithstanding any other law, the Director of Finance, pursuant to paragraph (1), shall direct the state agency subject to the appropriation reduction. The state agency shall comply with the directions of the Director of Finance to align current services and operations to available funding levels until June 30, 2027.

(3) This section does not authorize the Director of Finance to make programmatic changes, including, but not limited to, benefit determinations such as eligibility criteria and payment rates.

(b) Any reductions authorized pursuant to subdivision (a) shall not be made prior to 30 days after the Director of Finance notifies the chairperson of the Joint Legislative Budget Committee in writing of the planned reduction and the justification for the amount of the planned reduction. The chairperson of the joint committee, or the chairperson's designee, may shorten or waive the 30-day period by written notification to the Director of Finance.

SEC. 28.31. (a) Notwithstanding any other law, the Director of Finance may authorize a short-term loan from the General Fund or any special fund to state departments or agencies experiencing delays in their receipt of federal funds in an amount to be determined by the Director of Finance, as specified, and based on terms and conditions for repayment as pre-

scribed by the Director of Finance. A loan from the General Fund or a special fund to the affected state department or agency under this subdivision shall be subject to the following conditions:

(1) The loan is intended only to meet cash needs resulting from a delay in the receipt of federal funds.

(2) The loan is short-term and shall be repaid by June 30, 2027, or upon receipt of the federal funds, pursuant to terms and conditions and other determinations established by the Department of Finance.

(3) For short-term loans from the General Fund, interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code.

(4) The Director of Finance may administratively establish or adjust items of appropriation to implement this subdivision.

(b) For purposes of implementing this section, delay includes instances when federal funding is temporarily paused or the federal government requires additional review or additional or new submission requirements before reimbursement is received for a federal program. Delay does not include funding that the federal government has proposed for cancellation, reversion, or rescission, or that it has cancelled, reverted, or rescinded.

(c) Any loan authorized pursuant to subdivision (a) shall not be made prior to 20 days after the Director of Finance notifies the chairperson of the Joint Legislative Budget Committee in writing of the planned loan and the justification for the amount of the planned loan. The chairperson of the joint committee, or the chairperson's designee, may shorten or waive the 20-day period by written notification to the Director of Finance.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2026–27 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2026–27 fiscal year that exceeds $200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for

the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2027, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2027.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to or from a monthly maximum salary of $13,842 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Information Technology Manager II classification as of July 1, 2026) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation. Additionally, authorization by the Department of Finance is required for (1) the reclassification of any non-Career Executive Assignment classification to a Career Executive Assignment classification or (2) the administrative establishment of any Career Executive Assignment classification.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2026–27 fiscal year shall terminate on June 30, 2027, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2027–28 fiscal year as new positions or (2) approved by the Department of Finance after the 2027–28 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2027. The positions identified in (2) above may be reestablished by the Department of Finance during the 2026–27 fiscal year, provided that these positions are shown in the Governor's Budget for the 2028–29 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the

budget process for the 2027–28 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2027–28 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2026–27 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2027–28 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or the chairperson's designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2027–28 fiscal year, and subsequently decides to administratively establish the positions in the 2026–27 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

(h) This section applies to all state agencies, departments, boards, bureaus, and commissions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on the member's official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction

by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds or departments, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other law, if a department impacted by the implementation of FI$Cal demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds or departments as specified in subdivision (a) and a temporary cash shortage arises for the department, the Director of Finance may authorize

a short-term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.
